Mr. H. E. Freudenthal returned
from Salt Lake last Saturday.

Miss Anne Rossow of Pansow
was the guest of County Recorder
Henry Lee and wife during the
week.

A Radium clock has been invent-
ed and made that will run without
winding for twenty thousand years.

W. D. Maynard Justice of the
Peace of Caliente has been with us
during the week acting as a member
of the School Board of Examination.

Miss Sarah Wedge, a member of
the School Board of Examiners has
been sojourning with us the past
week and attending the meetings
of the Board.

From June 18th to Dec. 31st, 1905
instruments were filed for record
with the County Recorder and 173
have been filed since the first of the
year.

Sixty-four Companies have filed
their Articles of Incorporation with
the County Recorder in the past
five years to do business in Lincoln
County. Not a bad showing.

Mr. M. F. Laffan, of the Nevada-
Utah M. & S. Corporation left Sun-
day for New York on business. He
will return about the later part of
the month.

Last Saturday the residents of
Las Vegas expected to bid adieu to
coal oil and gasoline lamps, elec-
tricity taking its place the liquid
being turned into the wires on that
day. Success to the new enterprise.

According to the Goldfield Re-
view the production of that
camp for the year 1905 aggregates
\$2,500,000, with the Florence mine
taking the lead with a production of
\$850,000. A wonderful showing for
a new camp. Here's continued
success to you.

Through some misunderstanding
two of the members of the Board of
Commissioners failed to appear last
Monday for the meeting of the
Board, and Mr. James Nesbitt ad-
journcd the same until next Mon-
day when a full Board will be
present.

The findings of the court martial
which tried Trenmor Coffin of the
United States naval academy, a Car-
son City boy, on the charge of hav-
ing been received by the depart-
ment at Washington. It is under-
stood that the verdict is dismissal
from the service.

Tower's restaurant and short or-
der house opened for business Sun-
day with a fine bill of fare. They
were well patronized and no doubt
will receive a goodly share of the
public patronage. If you desire
something good give them a call.

District Attorney Ben Sanders,
Justice of the Peace of Caliente, W.
D. Maynard and Miss Sarah Wedge,
constituting the Board of School
Examiners have been in session
Monday, Tuesday and Wednesday
examining applicants as to their
qualifications as teachers of our pub-
lic schools. There were seven ap-
plicants, six ladies and one gen-
tleman.

Ed. Deck has taken a contract to
sink 100 feet on the Flynn & Roed-
er mining claim situated at Stam-
pede Gap for the sum of \$1,000.00
from Mr. A. W. Scott who has an
option on the claims. This is a
very promising property and no
doubt with development such as
contemplated by Mr. Scott will
soon become a producer.

According to the Las Vegas Age
tracklaying on the Las Vegas &
Tonopah Railroad from Las Vegas
to Bell Frog has commenced and it
is the aim of the Company to com-
plete the track to Indian Springs in
80 days, as the distance is 45 miles;
this will be at the rate of a mile and
a half a day. Let the good work
go on. Do not put any stumbling
blocks in its way. There are al-
ways a few that do not like rail-
roads.

Real Estate Transfers.

Mr. H. W. Rand, a mining and
real estate man from Portland, Ore-
gon dropped in on us the past week
and after sizing the future of Pioche
up, concluded that this was a good
place to make a few investments
and made the following purchases.
Sheriff Jake Johnson sold his cor-
ral on Main St. and his two frame
dwellings on Wendell Ave. for
\$1500.

A. S. Thompson estate sold to
Mr. Rand the Allen house next to
the Odd Fellows building for
\$300.00.

Henry Welland disposed of his
old store next to Woo Tom's res-
taurant, consideration not learned.

A. W. Scott disposed of his op-
tion on the Eller property to Mr.
Rand at an advance of \$400.00.

James A. Nesbitt disposed of a
lot on McCannan St. to Mr. Rand.
He has secured the promise of a
few more sales at good figures.

The properties all brought good
figures.

Nevada Park Mining Company.

Articles of Incorporation of the
Nevada Park Mining Company were
filed with the County Recorder on
January 2nd. Its general place of
business is Provo, Utah, and it is
organized under the laws of Utah.
The amount of the Capital stock is
500,000 shares of the par value of
\$1.00 each making an aggregate val-
ue of \$500,000, all of which has
been fully subscribed and paid.
The owners of said shares being:
Jesse Knight, 248,000; Lafayette
Holbrook, 25,000; R. E. Allen,
1,000; Samuel King, 25,000; J. J.
Knight, 100,000, and C. O. Newell,
100,000, all residents of Provo,
Utah. The officers are Jesse
Knight, President and Director;
Lafayette Holbrook, Vice-President
Director; R. E. Allen, Secretary
and Treasurer and Director; Sam-
uel A. King, Director and J. J.
Knight, Director. The Company
owns the following mining claims
situated in Silver Park Mining Dis-
trict, Lincoln County, Nevada, to-
wit: The Summit, Roadside and
Sam Tilden mining claims all pat-
ented and the following unpatented
claims: The Tilden No. 2, Elbow,
Homestead, Harum and Harum
No. 1.

A great deal of very high grade
ores has been extracted from many
of these claims and shipped to Salt
Lake years ago. The mines are of
much merit and value and will no
doubt be among the heavy produc-
ers in Lincoln County in the near
future, as it is the intention of the
Company to commence active devel-
opment of the same.

Fred Danner and John Bojahn
are working on the Little Mendah,
Nevada.

Two more men were put on at
the Great Western this week.

The State Board of Assessors met
in Carson last Monday. The full
proceedings of the Board will be
given in our next issue.

Last year 25,289,699 misdirected
articles were sent to the dead letter
office.

The Nevada-Utah Company have
been in receipt of two carloads of
lumber for the Day mine at Jack-
rabbitt.

Mr. and Mrs. Butler of Pahrana-
gat Valley accompanied by Miss
Crumbley, came in Tuesday evening.
Miss Crumbley came up to take the
teacher's examination.

Some of the athletic inclined have
put up a punching bag on the lot
on Main Street opposite Henry
Welland's store, where in addition
to trying your muscles, one can al-
so have a little of physical culture
exercise thrown in.

The following were applicants for
teachers certificates in the primary
grade, Irene French, Cilae Barton,
Mabel Crumbley, Effie M. Smith,
Eloise Turnbaugh and Ralph Rice.
For Grammar certificate Miss Sarah
Wedge. They all passed.

One of Fallon's scholars was call-
ed upon this week to write a senten-
ce, using the word, "dogma." After
much deliberation, the follow-
ing was evolved. "I had a dog me,
and it had five puppies."

Walter L. Bell a mining man has
been here the past week looking
over our mines and the future pros-
pects of the camp. He was so well
pleased that in addition to some
preliminary investments in a few
claims, he also purchased the Deck
Lodging house, paying \$1500.00
for it. This with the purchases
made by Mr. H. Rand represents
transfers aggregating \$5,000.00 in
Real Estate this week. Surely the
first steps of the long looked-for
boom has arrived.

A Good Showing.

The sum of \$27,873.73 has been
collected for licenses and fees by
Sheriff Jake Johnson for the year
ending Dec 31st, 1905 and turned
into the County Treasurer; in ad-
dition to this the sum of \$3,061.00
was collected on State Liquor li-
censes. The residents of Lincoln
County can well feel proud of the
good showing made, both in the
Sheriff's and Recorder's office, as it
is the best evidence of prosperity
dawning on one of the County's
that has at last brought itself to the
attention of the public by its many
advantages in stored wealth in the
ground, its agricultural advan-
tages and its superb climate.
If we advance for three years more
in the same proportion as we have
the past two we will be the leading
County in the State in wealth and
population.

Henry Lee County Recorder and
Auditor has turned into the County
Treasurer for the twelve months
ending Dec. 31st, 1905, the sum of
\$6,776.40 as fees received in his
office. This is an average of over
\$500 per month. There are but
few counties in the State that can
equal this.

Application for Pardon Denied.

P. A. McCarron, Esq., of Salt Lake
appeared before the Board of Par-
dons last Saturday in behalf of two
Greeks, Kales and Apostolos, who
were sent up from this County at
the last term of Court for highway
robbery and the application was
denied. The attorney for appli-
cants was notified that if affidavits
presented were true, complaining
witnesses could be prosecuted for
perjury. If they are convicted of
perjury his application can be pre-
sented to the board without delay.
Evidently there has been some tall
swearing in this case.

Articles of Incorporation were
filed with the Secretary of State in
Utah by the Gardner Ranch com-
pany which will engage in a gen-
eral farm and stock business in
Utah and Nevada, with a capital
stock of \$100,000 in \$100 shares,
and will have its principal place of
business in Salt Lake. The com-
pany owns a large tract of land in
Lincoln county, Nevada. James
Gardner is president; C. O. Whitte-
more, vice-president, and Frank L.
Gardner is secretary and treasurer.

From the Searchlight we learn;
John Brockman, one of the Chief
owners of the great Commonwealth
mine near Bisbee, Arizona, and also
one of the most successful mine op-
erators in the United States has
bought the Duplex and Good Hope
mines at Searchlight. The price
paid was not learned, but when
purchased by such a well known
mining man as John Brockman, the
people of Searchlight can look to
development on the properties on a
large scale.

John Sparks, H. G. Humphrey,
J. E. Humphrey, F. E. Humphrey,
and Richard Kirmen, on Friday
filed articles of incorporation with
the County Clerk of Reno of a new
company to be known as the Plan-
tation Live Stock Breeding Com-
pany. The capitalization is \$100,-
000 and the term of years for the
corporation is placed at fifty. The
purpose of the company is to carry
on a general live stock business to
acquire property and conduct a
mercantile establishment.

Deputy Sheriff Ewing, Elmer
Middleton and Alex Lloyd left
Tuesday for Jackrabbitt where they
will be joined with Mr. Joe Free,
all then bound for White River.
They have five shot guns, 1,000
rounds of ammunition and a four
horse team hitched to a dead axle
wagon. They all refused to take
any orders for ducks with a smile
that reads like this—Wait until we
return—We'll wait and hope that
there will be no disappointment.

Jake Johnson, Sheriff came up
from Delamar Monday bringing
with him from Caliente Miss Effie
Smith, who came up to take the
School teacher's examination which
started in last Monday. Miss
Smith has been teaching school in
Clover Valley and has met with
marked success; she is very bright
and competent.

Amended articles of Incorpora-
tion of the Las Vegas and Tonopah
Railroad were filed with the County
Recorder on the 8th. The Officers
and Directors of the Corporation are,
J. Ross Clark, President and
Director; C. O. Whittemore, Vice-
President and Director; W. H.
Comstock, Secretary and Director;
R. J. Waters, Treasurer and Direc-
tor; W. A. Clark, Director; W. A.
Clark, Jr., Director; R. G. Kerens,
Director.

THE WATER PROBLEM.

After being ten days without
water in the mains, yesterday
afternoon Superintendent French-
thal of the Nevada-Utah M.
& S. Corporation with his force of
men succeeded in getting the frozen
pipes thawed out and water com-
menced to run into the tank. Every
effort was made by Mr. Freudenthal
to get the water in town, staying
up all night for the past four nights.
Owing to the pipes being in a very
poor condition from the fact that
they were placed under ground
38 years ago, and only patched
up at intervals, they will not stand
any pressure, and when once the
water gets out, the amount of air
that is in the pipes always causes a
back pressure when the water is
turned in and hundreds of leaks
shows up. It is evident and surely
is a fact that before another year
rolls by the entire line will have to
be relaid with new pipe; when this
is done there will be three times the
water running into the tanks than
at present, as about two-thirds of the
water is lost in leakage. Owing to
the cold snap and the water not run-
ning in the pipes for the past ten
days nearly every service pipe in
town is frozen and many of them
will not be thawed out until spring.

THE PROMISE OF MERIT

Las Vegas Times.
The Lincoln County Record
comes to our table this week with
the announcement that with the
next issue it will change hands.
The future Record will be under
the management of Mr. H. E. Freu-
denthal, one of the best known and
prominent citizens of Lincoln
county.

The Times prophesies that with
the new blood and well known abil-
ity of the new regime that the Re-
cord will attain a position in journa-
lism that will entitle it to the com-
mendation—"it is the best."

The Times bespeak a measure of
success and prosperity for the Re-
cord worthy the aim and capacity of
up-to-date journalism.

Preparations are being made by
the Home Dramatic Association to
give a performance between the 15,
and 25, of this month at Trou-
pouson's Hall.

The whistle of the engine was
heard to-day for the first time in the
past ten days, owing to there being
no water. It brought glad tidings
to many a household as it gave the
information that the water had at
last arrived.

STATE NEWS.

The estate of the late Thomas E.
Hayden of Reno is valued at be-
tween \$150,000 and \$200,000.

CARSON, January 8.—Senator
Brougher has sold the Arlington
hotel to R. G. Bright of Carson,
who has leased the gambling rooms
to Stout and McMillan of Reno,
who will fit them up in beautiful
form.

Over in Goldfield last week a man
was fined \$25, and sentenced to
thirty days for using coarse words on
the street. When some of the old
time miners read this they will
wonder if they are dreaming.—Ex.

In addition to the reward of \$500
offered by Governor Sparks for the
arrest and conviction of the mur-
der of T. D. Henry at Fort Halleck
recently, the commissioners of Elko
county have offered a reward of
\$500.

The Giroux Consolidated Mining
Company, of Ely, White Pine coun-
ty, which owns the great copper
deposits of that district, and which
contemplated the erection of a 1000-
ton reduction plant to work the
ore, has concluded to increase the
size of the plant to a 2500-ton one.

At a meeting of the miners held
at the Clifford camp Monday night a
scale of wages was agreed upon.
The wage for surface work was fixed
at \$4 per day, tunnel workers
will get \$4.50 and shaftmen will be
paid \$5 per day.—Tonopah Sun.

The total amount of dividends
paid by the Tonopah mines during
the year were \$1,200,000, divided
as follows: Tonopah Mining Com-
pany, \$1,000,000; Tonopah Exten-
sion, \$150,000; Montana Tonopah,
\$100,000; Tonopah Midway, \$50,-
000.—Sun.

Again a dispute has arisen re-
garding the boundary line between
Esmeralda and Nye counties. It is
now claimed that the greater por-
tion of Tonopah is in Esmeralda
county, and that the court house of
Nye county, recently built at Tono-
pah, is in Esmeralda county.
